**Bred by: K Winton**

**Has been awarded the grading of**

**EXCELLENT**

### **Critique:**

1 year. Complete scissor bite. Dog of good overall breed type. Needs to develop more confidence in ring. Starting to moult. Rather on lean side. Typical head. Eye medium colour, good shape. Nice expression. Medium ears, high set, well carried, could be little more triangular in shape. Full head almost flat. Moderate stop. Arched neckline. Level top line. Needs to fill out in body and develop in chest. Well angulated rear. Moderate front angles. Little light in bone. Front feet a little long. Good overall quality – just needs more ring training. Close behind. High stepping in front. Good tail carriage – little hooked. Kept excellent grading for overall type.
